Venus Comes Back In December - Take Reiki

Reiki is a simple, natural and safe method of spiritual healing and self-improvement that everyone can use. It has been effective in helping virtually every known illness and malady and always creates a beneficial effect. It also works in conjunction with all other medical or therapeutic techniques to relieve side effects and promote recovery.

An amazingly simple technique to learn, the ability to use Reiki is not taught in the usual sense, but is transferred to the student during a Reiki class. This ability is passed on during an "attunement" given by a Reiki master and allows the student to tap into an unlimited supply of "life force energy" to improve one's health and enhance the quality of life.

Reiki II ~ Healing with Reiki II adds considerable power to direct sessions. It also adds the methods and tools for doing healing with someone not physically present ~ distant healing.

Prerequisite: Reiki I done at least 4 weeks prior to Reiki II

Date, Time & Location: TBA

Cost: \$150

Reiki III ~ This is the master/teacher's degree. A master is simply a teacher, one who has mastered the discipline. This degree is only recommended for the serious healer and for those who wish to teach Reiki.

Prerequisite: Reiki II done at least 4 weeks prior to Reiki III
